Report on 3rd Asian Parliamentary Debate Competition

April 15, 2023

Following the success of the 2 v 2 debate and the First Intra-college MUN, the Debate & Literary Cell organized the 3rd Edition of the Intra-College Asian Parliamentary Debate, on April 15th, 2023.

Debating and logical argumentation are the most sought-after talents in any legal practitioner. All law students should practice these skills since debating in court is about how effectively they can articulate their comprehension of the subject matter and agree to disagree in the best possible way. A law student's life focuses on formal exercises such as Moot Courts, Trial Advocacy, Research Paper Presentations, and so on. Asian Parliamentary Debates, on the other hand, are a little more casual natural occurrences happening of their own sort. Parliamentary debates provide an excellent opportunity for law students to develop confidence and expressive skills and so, the Debate & Literary cell of SLS Nagpur, held an event to further hone the debating skills of our endearing learners.

The event required students to be given a time of 15 minutes for preparation after the declaration of motion where after these 15 minutes, the round started with the Prime Minister defining the motion and each participant getting 5 minutes for their speech.

The event's purpose was to educate students about the concepts, subtleties, and talents required to thrive at debate and to assist them in developing such qualities for

all of their future endeavors as law students. Each law student must ultimately master the skill of successful debate and reasoning, and the Debate and Literary Cell at SLS Nagpur seeks to make this a reality for its students so that they can become specialists in the field.
